Purpose

The conference will provide communities the opportunity to participate in an exchange of ideas on how to elevate their ever–changing world and our communities as a place to live and work. It will provide the means to engage with incredible speakers and experts who have changed the scope of what was previously viewed as an Un- ABLE workforce. Speakers will share from their experiences on how their organization benefited and how they attracted talent, greater innovation, and improved financial performance from building a diverse and inclusive workplace.
